NRC SWITCHBOARD

The NRC switchboard is in operation 24 hours a day, 7 days a week and provides service for all NRC locations. The attendant can be reached from an NRC phone by dialing "0" and outside of NRC by dialing 492-7000.

TELEPHONE SERVICE

Requests for installation and relocation of telephone equipment should be submitted on Form NRC-238 to the Telecommunications Branch, Room W-331, Woodmont Building. Guidelines for determining telephone station equipment needs are set forth in NRC Manual Appendix 0270. Employees should promptly inform the Telecommunications Branch of services or items of equipment which are no longer needed.

TELETYPE/CABLEGRAM/MAILGRAM SERVICE
(Record Communications Services)

All unclassified message communications originating in NRC Washington Area offices will be processed through the NRC Telecommunications Center (P-812). No unclassified messages are to be processed by NRC personnel through GSA or Common Carriers.

To utilize this service, complete Standard Form 14 and deliver it to Room P-812 in the Phillips Building. Personnel located in buildings other than the Phillips Building can transmit the completed Forms via the NRC facsimile service, located in central areas within their own buildings. The Standard Form 14 can be obtained from NRC Supply Rooms or requested from the NRC Telecommunications Center by calling 27371.

The NRC Teletype (Telex) number is 908142 NRC-BHD WSH; (TWX) number is 710-824-0412 NRC-BHD WSH. To expedite replies, please inform all overseas correspondents of these numbers.

SECURE TELECOMMUNICATIONS SERVICES

Telephone. Secure telephones, served by the Federal Secure Telephone Service (FSTS) are located in NRC offices in Washington, D.C., Silver Spring and Bethesda, Maryland. These telephones provide for the conduct of classified and/or unclassified, sensitive conversations with other agencies having similar facilities. For further information regarding these facilities and their use, contact the Telecommunications Branch on 2-8000.

Teletype. A secure teletype terminal, served by the Department of Energy SACNET, is located in Silver Spring, Maryland and interfaces with most DOE and National Laboratory locations. This terminal can also exchange classified and/or unclassified, sensitive messages with the Department of Defense AUTODIN network. If you must send classified or unclassified, sensitive messages and are unfamiliar with this service, please contact the Secure Communications Center on 7-4202 or the Telecommunications Branch on 2-8000.

USE OF GOVERNMENT TELEPHONE FACILITIES

Government telephones are installed for official government use only. Personal use of government telephone facilities is a violation of the "U.S. Criminal Code," Title 18, Section 641, and violators can be prosecuted.

FTS CALLS

The Federal Telecommunications System (FTS) is a government network of leased long distance circuits through which you can make an official call to any telephone in the Continental United States. It must be used in lieu of commercial calls, except in an emergency. NRC is now billed 24 hrs a day for using the FTS system.

Use the FTS (Dial "8") to conduct your official business, and use it wisely. Plan ahead to accomplish your purpose with the least number of calls and more efficient conversations. Here are some hints which may be helpful in effective and efficient use of the telephone:

- Outline your purpose and have reference materials handy.
- Check the number before you dial.
- Get to the point; open-ended socializing questions are invitations for a gabfest.
- Use phrases like "a few quick questions," "if you have a minute," and "before I leave for my meeting" to set the stage for brevity.
- Learn to terminate your conversation: "Thanks, Joe, this really helps.
- Use conference calls when you must go over the same material with several people (see pages vi & vii).
- When calls must be returned, try to establish a mutually convenient time.

DIRECTORY ASSISTANCE

FTS Numbers:

Dial "8" plus 7 digit FTS operator number in the city being called. (See FTS Telephone Users' Guide)

Commercial Numbers:

From Non-Restricted Telephones - Dial "9" plus the area code for the area you are calling and 555-1212 for information. (NRC is now billed for these calls.)

From Restricted Telephones - Dial "0" for the NRC operator for assistance. When she answers, give her the area code for the area you are calling and she will connect you.

TYPES OF FTS CALLS

On-Net to On-Net

This call is placed from one Government telephone to another Government telephone by dialing the "8" plus a seven-digit number.

On-Net to Off-Net:

This call is placed from a Government telephone to a commercial number by dialing "8" plus the area code and seven-digit number.

Off-Net to On-Net: Discontinued 10-83

Off-Net to Off-Net:

An FTS call cannot be completed when being placed from one commercial telephone number to another commercial telephone number. These calls must be placed commercially. (See below)

OFFICIAL CALLS WHILE IN A TRAVEL STATUS

Employees in an official travel status who must make official long distance calls shall place the call commercially to its destination, the employee must pay for the calls and include the costs on their travel voucher with appropriate supporting documentation.

Charges to an NRC telephone number and collect calls are prohibited.

Employees in an official travel status outside the continental United States may use telephone credit cards. Directors of Offices or Divisions may request these cards from the Telecommunications Branch.

HOW TO PLACE CALLS TO CANADA

Calls to Canada are to be placed by the NRC Operator

HOW TO PLACE CALLS TO ALASKA

Dial "8", area code 907, and seven-digit number.

HOW TO PLACE CALLS TO HAWAII

Dial "8", area code 808 and seven-digit number.

HOW TO PLACE CALLS TO PUERTO RICO AND VIRGIN ISLANDS

Dial "8", area code 809 and seven-digit number.

For Directory assistance refer to page iv.

COMMERCIAL LONG DISTANCE

This service is provided by the telephone company and incurs charges to the Government for each call according to published tariffs. Use of this service requires certification that the call is necessary in the interest of the Government, and must be logged at the time of completion to facilitate the certification process.

Under emergency conditions, personal long distance calls may be placed through the NRC operator, provided that appropriate billing instructions are given to the long distance operator. Dial "0" for the NRC operator, give her the area code plus the seven-digit number you are calling. When the telephone company operator comes in on the line provide appropriate instructions to:

1. make the call collect to the called number; or
2. bill the charges to your residence or other personal telephone; or
3. bill the call to a personal telephone company credit card.

Emergency calls from restricted phones may be placed through the NRC Operator.

OVERSEAS TELEPHONE CALLS

All overseas telephone calls must be routed through the NRC Telephone operator. The operators are on duty 24 hours a day and can be reached by dialing "0" or 492-7000.

MONITORING OR RECORDING OF TELEPHONE CONVERSATIONS

No telephone calls will be monitored by NRC personnel by electronic means or otherwise except with the specific knowledge and consent of all parties to the call. Calls on the NRC emergency communications systems to and from the NRC Operations Center will be recorded.

TELEPHONE REPAIR SERVICE

All telephone troubles should be reported to the Telecommunications Branch on 28032 and give all details of the trouble.

CONFERENCE CALLS

This service is available by dialing the NRC Operator - "0". 4 parties to 28 parties can participate including inter-office, local and long distance. In order to schedule the conference call for your desired time, the operator must be given as much advance notice as possible. All parties must be notified of the expected time of the conference call. Refer to NRC Announcement No. 101 for other features of the conference bridge or call the Chief Operator 27696.

NUCLEAR REGULATORY COMMISSION

Three Special Centrex Features

Dial Transfer, Consultation Hold and Add-On Conference

The special features apply to incoming calls, outgoing calls, and internal calls in all our NRC offices.

DIAL TRANSFER

Calls can be transferred to another NRC station without the atttendant's assistance.

a. Depress switchhook once (this will automatically hold your caller and they will not be able to hear).

b. Listen for dial tone.

c. Dial desired five digit station number.

d. When station number rings, hang up.

ADD-ON CONFERENCE

A station user may add another party directly to a call without the attendant's assistance.

a. Depress switchhook once (outside caller cannot hear).

b. Listen for dial tone.

c. Dial desired five digit station number.

d. Announce conference to called party.

e. Depress switchhook once -- 3-way conference is established.

CONSULTATION HOLD

From any station, the user can leave a caller waiting while you call another party on the same line to have a private consultation.

a. Depress switchhook once (outside caller cannot hear).

b. Listen for dial tone.

c. Dial desired five digit station number.

d. Consult with third party.

e. Third party hangs up.

f. Depress switchhook <u>once</u> -- original call restored.

NOTE: If, when using the special features, the dialed extension is busy or does not answer, depress the switchhook <u>twice</u> to return to the original caller.

SHUTTLE BUS SERVICE

Shuttle bus service is provided between Nicholson Lane, Woodmont, Phillips, Air Rights, East-West Towers, Willste, and Metro-rail as transportation for official business.

Shuttle bus operators are instructed to transport only personnel who identify themselves as NRC employees (NRC badges), employees of other Government agencies (identification badges), and NRC visitors (shuttle passes).

EMERGENCY CLOSING OF NRC OFFICES IN THE WASHINGTON METROPOLITAN AREA

In certain emergency circumstances, it may be necessary to close NRC offices in the Washington metropolitan area. This has been required most often in the past for bad weather conditions. However, other circumstances could require the closing of an NRC office building for such reasons as building equipment malfunctions, loss of heat in winter, etc.

Should a decision be made to close one or more NRC offices during normal office hours, you will be notified through supervisory channels. Personnel in the Phillips Building may be notified through the building's public address system.

During non-work hours, if you have reason to doubt that your office will be open for the normal transaction of business, you should listen to one or more of the following radio stations which have agreed to make such announcements for the NRC:

WKYS	93.9 FM	Metro, DC
WMAL	630 AM	Metro, DC
WRQX (Q107)	107.3 FM	Metro, DC
WRC	980 AM	Metro, DC
WWDC (DC 101)	1260 AM 101 FM	Metro, DC Metro, DC
WFMD	930 AM	Frederick, MD
WFRE	99.9 FM	Frederick, MD
WNAV	1430 AM 99.1 FM	Annapolis, MD
WYST	92 FM	Baltimore, MD
WSID	1010 AM	Baltimore, MD

Please do not call the NRC operator for emergency closing information. In doubtful cases you are free to call your supervisor for advice, but if firm information on closing is not available, it is your individual responsibility to go to work. This information is referenced in NRC Announcement No. 109.

CIVIL DEFENSE AND EMERGENCY PREPAREDNESS

The purpose of this enclosure is to inform employees of the Civil Defense System sirens that are tested each month. These signals are tested on the second Wednesday of every month at 11:00 am in Montgomery County and the District of Columbia. This is part of a nationwide test.

There are other civil defense signals of which you should be aware. These signals and the actions to be taken when they sound are described in this enclosure. Please read these instructions carefully and retain them for future reference.

Further information concerning action you and your family can take at home in the event of enemy attack or peacetime disaster may be obtained by contacting your local office of Civil Defense and Emergency Preparedness.

Civil Defense and Emergency Preparedness Instructions

The Civil Defense System is tested on the second Wednesday of every month at 11:00 am in Montgomery County and the District of Columbia. This is part of a nationwide test.

The signal is used to warn of imminent enemy attack or peace-time disasters as follows:

- ATTACK WARNING - WAVERING RISING AND FALLING SIGNAL FOR 3-5 MINUTES. (May be repeated) = IMMINENT ENEMY ATTACK ON UNITED STATES has been detected. TAKE SHELTER IMMEDIATELY in the closest available public shelter.

If your building has been designated a Public Shelter Area you should proceed in an orderly fashion to the lower floors using the exit stairways. Close all corridor doors before leaving your office. Sit on the floor in the interior corridors with your back to the wall.

- ATTENTION ALERT - STEADY SOUND FOR 3-5 MINUTES. This is the peace-time disaster signal (tornado; adverse effects from hurricane; accidental release of toxic fumes; widespread and serious threat to life). Employees on duty will be notified in accordance with NRC Bulletin Number 4145-15, "Administrative Closing of NRC Offices."

If not on duty when you hear the ATTENTION ALERT signal, tune your AM radio to Stations WTOP (1500), WRC (980), or WMAL (630) to determine the type of peace-time disaster. Employees will be notified of closing of offices, if any, in accordance with NRC bulletin 4145-15.

BOMB THREAT

These telephone inserts were developed to provide NRC employees basic information on the NRC management and employee efforts involved in promoting equal employment opportunities and employee development. The inserts also make clear the distinctions between the various EEO groups that work together to promote affirmative action programs.

CIVIL RIGHTS PROGRAM

The central office for promoting affirmative action is the Office of Small and Disadvantaged Business Utilization/Civil Rights (OSDBU/CR) headed by William B. Kerr. The Civil Rights Program (CRP), headed by Edward E. Tucker, is responsible for implementing the various affirmative action programs designed to promote fair personnel practices in: recruiting, hiring, placing, training, upgrading, promoting, career development, and other areas in regards to equal employment opportunity for all NRC employees and applicants for employment.

AFFIRMATIVE ACTION ADVISORY COMMITTEE

The AAAC advises the Executive Director for Operations (EDO) and the Director, OSDBU/CR on affirmative action matters. The Committee also reviews EEO plans as formulated and implemented by the CRP Manager, the FWP Manager, the Division of Organization and Personnel (O&P), and other NRC divisions and offices. The Committee consists of 15 members who are regular full-time employees of NRC Headquarters.

FEDERAL WOMEN'S PROGRAM

The FWP Manager, Era L. Marshall, develops and implements affirmative action programs designed to provide women employees of NRC with better skills to compete in the job market. The four main goals of the FWP are:

1 - To increase recruitment and hiring of qualified women,

2 - assist in placing women in jobs where they can best contribute to the accomplishment of NRC's major functions, and which offer greater advancement opportunites,

3 - motivate women to make greater contributions to the Commission by improving their knowledge of NRC, its goals, and to better prepare for career advancement,

4 - advise and counsel women on sex discrimination and sexual harrassment matters.

FEDERAL WOMEN'S PROGRAM ADVISORY COMMITTEE

The FWPAC advises the FWP Manager, the Director, OSDBU/CR, and EDO regarding women's issues and concerns. The Committee also reviews EEO plans formulated and implemented by the NRC as they relate to the NRC women employees. The Committee consists of 11 full-time employees of NRC Headquarters.

EQUAL EMPLOYMENT OPPORTUNITY COUNSELORS

Pursuant to Federal Regulations, NRC appoints EEO Counselors from its own staff to facilitate handling employee discrimination complaints. The counselor works with the employee in resolving the issue without taking any formal actions. In the event that the issues cannot be resolved, the counselor advises the employee of the procedures for filing a formal complaint of discrimination, if the employee elects to do so.

JOINT LABOR-MANAGEMENT/EQUAL EMPLOYMENT OPPORTUNITY COMMITTEE

Effective April 19, 1982, the NRC and the National Treasury Employees Union (NTEU) established a joint LM-EEO Committee to advise management on all matters concerning EEO. The Committee consists of 8 full-time NRC HQ employees; one-half appointed by NRC Management and one-half appointed by the NTEU Chapter 208. Although members are appointed by management and the NTEU Chapter 208, members do not represent the NRC Management or the Union.
